Sussex Integrated Community Team Profiles - Health & Wellbeing across the life course

Adur Integrated Community Team

Whilst some issues affect people of all ages, outcomes have been placed in the life stage where the impact may be greatest.

Data are shown for Adur ICT and are compared with England

80.3 84.1 Females Males Life expectancy at birth (years) **2021**

7.3 7.8 **Females** Males the range in life expectancy at birth between the most and least deprived neighbourhoods 2018-20

living in

poverty
